Description Summary

Get access to community health centers across the country. These centers provide primary and preventative healthcare services to less fortunate and vulnerable groups such as homeless, migrants and dependents, substance abuse, etc. These programs are supported by federal assistance and grants. AmeriList provides accurate mailing, telemarketing, and email data to our clients. Our data is updated every month to guarantee accuracy and deliverability.

How Our Data is Compiled

Our Community Health Centers Mailing List is derived from a multitude of public and proprietary feeds both online and offline including: lifestyle surveys, self-reported individuals, directories, and previous memberships/ purchase history. When you use our data, you are guaranteed accuracy and deliverability. Our compilation team processes the entire database against the National Change of Address (NCOA) file monthly. This list is also CASS certified to ensure further accuracy.
