Description Summary

What are the nuts and bolts of your marketing strategy? Targeted data! Build up your sales by utilizing the Tool Product Buyers mailing list. These consumers are purchasing tools such as hammers, saws, drills, and much more. In order to get the job done, this targeted group will buy specific tools and hardware that they need, whether they're completing a major re-construction, or just doing some repairs around the house. This accurate, up-to-date list provides postal, phone, and email data to help boost your targeted marketing campaigns.

How Our Data is Compiled

Our Funeral Planning Mailing List is derived from a multitude of public and proprietary feeds both online and offline including: surveys, self-reported individuals, and previous memberships/ purchase history. When you use our data, you are guaranteed accuracy and deliverability. Our compilation team processes the entire database against the National Change of Address (NCOA) file monthly. The list is also CASS certified to ensure further accuracy.
