Description Summary

The AmeriList Roofing Contractor database is comprised of roofing and siding contractors and professionals within the continental United States. This mailing list is comprised of the professionals and skilled workers who are specialists within the roofing industry. Many of the individuals in our Roofing Contractors database are small business owners who have an entrepreneurial spirit. They are interested in product offers as well as industry news and information – they are perfect for any marketer who is offering construction products and services.

How Our Data is Compiled

The roofing contractors database is a multi-sourced business database that is compiled from a wide range of sources including industry trade publications, telephone directories, city – county – state – federal government data and online surveys. Not only do we cross reference a multitude of sources to ensure the most accurate data, we also verify each business by phone on an annual basis to keep our records up-to-date. This continuous verification process yields the most reliable and deliverable business database in the industry. Our compilation team processes the entire database against the National Change of Address (NCOA) file monthly. The list is also CASS certified to ensure further accuracy.
