How Our Data is Compiled

Our Turned-Down Business Funding Mailing List is compiled by combining a wide range of sources which enables us to deliver an industry leading B2B Marketing solution. The information within this B2B list is collocated from multiple public and private sources including Yellow Pages, Government Data, White Pages, SEC Filings, Annual Reports, and Self Reported Data. We cross reference a multitude of sources, ensure the most accurate data, and telephone verify each business multiple times annually. Through our multisource compilation method and our continuous verification process, we are able to identify more unique business information than any other single compiler in the industry.

Consider the Facts

- According to the Small Business Administration (SBA), historically, approval rates for small business loans from traditional banks have been around 20-25%
- The percentage of applicants receiving all the funding they sought fell from 51% in 2019 to 36% in 2020, with another dip to 31% in 2021

Recommended Usage

This database is perfect for businesses or individuals who provide alternative financing, consultancy services, or products designed to support businesses.
