Description Summary

This targeted list of cat owners combines data from many sources. Because cat owners are so dedicated to their pet, these consumers are constantly making purchases for their feline friends like grooming, toys, pet supplies, kennels, training, and more. Accompanying the joy that comes with owning a cat, their fur and clean-up can become costly. Many cat owners seek out carpet cleaning services, furniture repair/refurbishing, and more. Cat owners are committed to keeping their cats healthy and happy, so having access to this cat marketing list could be beneficial to many types of businesses.

How Our Data Is Compiled

Our Cat Owners Database is derived from a multitude of public and proprietary feeds both online and offline including: surveys, self-reported individuals, and previous memberships/ purchase history. When you use our data, you are guaranteed accuracy and deliverability. Our compilation team processes the entire database against the National Change of Address (NCOA) file monthly. The list is also CASS certified to ensure further accuracy.

Consider The Facts
