Description Summary

Our International Travelers Database consists of affluent consumers with expendable income. These individuals have a strong affinity for traveling outside of the United States and exploring the world. Within our database, you'll find a diverse range of travelers, with a shared enthusiasm for discovering new cultures, experiencing exotic cuisines, and immersing themselves in unique experiences that only international travel can offer. These individuals not only embrace travel as a lifestyle but also have the financial means to indulge in premium experiences, making them an ideal target audience for luxury travel brands and services. By tapping into our International Travelers Database, businesses can access a coveted audience segment that values quality, authenticity, and exclusivity in their travel experiences.

How Our Data Is Compiled

Our International Travelers Database is derived from a multitude of public and proprietary feeds both online and offline including: self reported data, lifestyle surveys, and previous memberships/ purchase history. When you use our data, you are guaranteed accuracy and deliverability. Our compilation team processes the entire database against the National Change of Address (NCOA) file monthly. The list is also CASS certified to ensure further accuracy.
